

## **Amigo Covid Guest Policy**

Updated 3/11/2022

Currently, our area has a low level of Covid community spread. Hooray! This gives us the opportunity to relax our Covid policies based on the recommendations by our local Health Department.

### **Illness:**

If you are experiencing any of the following symptoms, please do not enter Amigo buildings.

- Temperature of 100.4 degrees Fahrenheit or higher
- Sore throat
- Cough (for those with chronic cough due to allergies or asthma, a change from baseline)
- Difficulty breathing (for those with chronic breathing difficulties, a change from baseline)
- Diarrhea or vomiting

### **Masks:**

- Masks are recommended, but not required, for all individuals in indoor settings. Please be attentive to those who have higher risk by considering putting on a mask while with them.
- Masks are available at the entrance to the Retreat Center for anyone to use. If you would like to have a more highly protective mask, we have free KN-95 masks available by request.

### **Before you come:**

- If you have tested positive for Covid within the last 10 days, please reschedule your visit to Amigo.
- If you have been exposed (at least 15 minutes of close contact within a 24 hour period) in the last 5 days to someone who has tested positive for Covid, we ask that you wear a high quality, well-fitted mask at all times while indoors. We have KN-95 masks that we will gladly provide for your use.

### **While at Amigo Centre:**

- Monitor your health. If you begin to experience symptoms, please be prepared to return home.
- If you test positive for Covid while at Amigo (or within 48 hours after staying with us), please let us know so that we can care for our staff and other guests.

Thank you for coming to Amigo! Our goal is to provide a safe, relaxing environment for each of our guests as well as our staff. If you have any questions regarding these policies, please do not hesitate to ask.
